Dear Mrs. Parlow,

I had your letter yet at
Bad-Elster describing
Kathleen's success at Scheveningen.

A day or two before. Misha
wrote to me too from there;
he tells that he was never
so pleased with Kathleen's
performances as this time
and especially with the Brech!

very difficult for me
to give You any opinion
about Canada, America, as
this country are terra incognita
to me. - But if secured,
if You have nothing to
look in Europe, there is
a chance to have a success
as, by my mean, no any agent
can make the success of an

artist if people is not of the
same opinion. - For Canada
I suppose, one or two American
Tours before, would be better.
You will be rubbed, of course,
but a second time You
will know the way how
to manage. - I am in
a charming place, 900 metres
over the Sea; and thank

also. often used the lead case.
God, at a quiet place. -

Since 10 days, I had summer;
to day rain begin at once;
perhaps it will be better to morrow.

Best greetings and kisses. -
From the 15-20 ^{September} I shall be in
Berlin - Hotel Minerva, and
after at Petersburg.

Yours affectionately

L. Auer
